Case No. 2:09-CV-02523-LKK-JFM

O R D E R

Having considered the parties' statements of position and the Federal Defendants' proposed order, the Court hereby orders as follows:

1. The 42 routes that intersect meadows and are the subject of this Order are listed in Table A attached hereto and incorporated into this Order. The Court hereby sets aside and remands for reconsideration in light of the applicable law that portion of the Forest Service's Final Environmental Impact Statement relating to the Riparian Conservation Objective ("RCO") Analysis for RCO #2 Standards and Guidelines #100 pertaining to the meadows on the 42 routes listed in Table A.
2. Until such time as the Forest Service completes supplemental environmental analysis pursuant to the National Environmental Policy Act ("NEPA") as provided above, public wheeled motorized vehicle use of a route listed in Table A that intersects a meadow shall be prohibited or limited as described in Table B attached to and incorporated into this Order. All other portions of the Forest Service's decision, including the parts of the 42 routes that do not intersect meadows, remain in effect.
3. The extension of the seasonal closing of the 42 routes issued by this Court on February 14, 2012 (*see* ECF No. 106, ¶ 4) is hereby vacated.
4. The Forest Service shall revise its Motor Vehicle Use Map ("MVUM") consistent with this Order and incorporate the changes reflected in the *2012 Meadows Maps for*

1           42 Routes provided to the Court on March 14, 2012 with Federal Defendants' Brief in  
2           Support of Proposed Order. Until the revised MVUM is finalized and available for  
3           public distribution, the Forest Service shall issue an interim Forest Order consistent  
4           with the *2012 Meadows Maps for 42 Routes* and Table B.

5           5. Nothing in this order prohibits the Forest Service from exercising its authority to  
6           close or restrict uses pursuant to 36 C.F.R. Part 261, Subpart B.

7           6. The Court finds that Forest Service has remedied the Endangered Species Act  
8           ("ESA") violation, and therefore no further action from the Court is necessary as to  
9           the ESA.

10          7. This Court does not retain further jurisdiction of this matter except to consider any  
11          claim for attorney's fees and costs. The Court directs the Clerk to enter final  
12          judgment in accordance with Fed. R. Civ. P. 58 and 79.

13  
14 IT IS SO ORDERED.

15  
16 DATED: July 30, 2012.
