CONSERVATION

Volunteers Needed for Restoration Event! **Friday, November 6th**

CSNC and volunteers will be returning to the beautiful Jones Fork of Silver Creek to decommission and restore another unauthorized vehicle route that is directly impacting the Jones Fork of Silver Creek in the Crystal Basin area of the Eldorado National Forest.

We will be covering tracks with on-site mulch and leaf litter. We will be placing woody debris to push water off of the route to protect the soil and prevent sediment runoff to the creek. We will also be dismantling a campfire ring and doing a little trash removal from a makeshift creekside campsite.

If you are driving from South or West of Placerville, we will meet in the Placerville Raley's parking lot at 9 a.m. to drive up Highway 50 to Ice House Road; we will also be stopping through the Pollock Pines Safeway parking lot around 9:30 a.m.. Those leaving from the Georgetown area will be meeting at the Georgetown Library at 9 a.m. and heading up Wentworth Springs Road. We will be back to the Placerville Raley's and the Georgetown Library before 5 p.m..

It will be a little chilly in the morning, so please bring a jacket or layer up! Snacks and drinks will be provided. Bring a lunch, a water bottle, sturdy

Come out
Friday and meet
Kayla and
Jacob, CSNC's new
AmeriCorps
Volunteers!

shoes or boots, gloves, sun protection, a jacket and anything you might want for a day in the forest. For more information, a map, or to coordinate travel plans please email matt@sierranevadaconservation.org or call Matt at [530.588.3378](tel:530.588.3378). We hope to see you Friday!
